### General data

|                     |                                                   |
|---------------------|---------------------------------------------------|
| Location            | Poland                                            |
| region              | Dolnośląskie                                      |
| Year of manufacture | 2007                                              |
| Warranty            | Without warranty                                  |
| Technical condition | Very good                                         |
| Payment             | Before receipt                                    |
| Transport           | The buyer organizes the transport at his own cost |

### Technical parameters

|                          |         |
|--------------------------|---------|
| Maximum force (pressing) | 150 t   |
| Maximum bending lenght   | 3100 mm |
| Distance between frames  | 2600 mm |
| Throat depth             | 250 mm  |
| Maximum approach speed   | 70 mm/s |
| Maximum bending speed    | 10 mm/s |
| Maximum return speed     | 80 mm/s |

### Dimensions

|                |       |
|----------------|-------|
| Machine weight | 8.2 t |
|----------------|-------|

### Equipment

|              |   |
|--------------|---|
| CNC control  | + |
| Foot control | + |
