### General data

|                     |                                                   |
|---------------------|---------------------------------------------------|
| Location            | Poland                                            |
| region              | Dolnośląskie                                      |
| Year of manufacture | 2006                                              |
| Warranty            | Without warranty                                  |
| Technical condition | Very good                                         |
| Payment             | Before receipt                                    |
| Transport           | The buyer organizes the transport at his own cost |

### Technical parameters

|                                       |         |
|---------------------------------------|---------|
| Maximum force (pressing)              | 16.5 t  |
| Maximum thickness of the sheet metal  | 6.4 mm  |
| Maximum length of the sheet metal (X) | 2050 mm |
| Maximum width of the sheet metal (Y)  | 1250 mm |
| Number of tools in the magazine       | 17 pcs  |

### Additional technical parameters

|                         |         |
|-------------------------|---------|
| Compressed air pressure | 1.4 MPa |
|-------------------------|---------|

### Equipment

|                      |   |
|----------------------|---|
| CNC control          | + |
| Linear tool magazine | + |
